Dear Mr. Weisberg

Regarding the tapes I plan to send you of radio broadcasts concerning Penabay:

I own a 4 track stereo recorder. The advantage is that twice as much recording time per tape is allotted. The disadvantage is that you have to have access to a stereo recorder in order to hear it. If not, inform me, and I will try to record on mine so that you can playback on any monaural recorder. In the meantime, if he broadcasts, I will use 4 track
